Christian Child Care and Preschool

Permission to Swaddle and/or use sleep sacks

From p. 77 of the Wisconsin Administrative Code DCF 251.09

Swaddling of infants is permitted if requested by the parent. Swaddling is an age-old practice of wrapping infants snugly in swaddling cloths, blankets or similar cloth so that movement of the limbs is tightly restricted. If the child pulls the blanket out during nap time the provider must ensure that that blanket is kept away from the child's mouth and nose.
